MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Office of Training Weekly Report

1. Arlington Towers Corporation Proposed Rehabilitation of Language

School Facilities

The general manager of Arlington Towers visited the Language School to discuss planned repairs of the Washington Building Annex. Arlington Towers Corporation has advised GSA that it will commit \$250,000 or more to rehabilitate OTR's quarters if the Corporation can be assured of OTR's continued occupancy. It was apparent in the discussion that Arlington Towers is beginning to feel the competition of other and better facilities in Rosslyn and the current proposal is one attempt to hold its present tenants. (The Towers may be losing another government tenant: Rumor has it that the National Interdepartmental Seminar will be moving out by the end of this year.) Given the proposed restoration of the School's area, OTR's position is that the space will never be adequate for language training.

25X1A5a1

[REDACTED] agreed that [REDACTED] will continue to provide OTR with Phase I Grid materials as long as the Agency considers the program to be beneficial. (OTR currently has a supply to cover Grids scheduled through FY 1970.) Rey urged, however, that further consideration be given to experimenting with Phase II of the instruction in at least one component. To this point the DTR took note of the recent innovations of the Agency's Management Advisory Group and the Support Directorate's Problem Solving Seminars as evidence of top management's interests in managerial problems and noted the similarity to the advanced phases of the Grid.

25X1A5a1

The Agency is apparently not alone in its interest in Phase I of the Grid. Rey mentioned that, contrary to [REDACTED] original expectation, the past two years have shown that other organizations are benefiting substantially from using Phase I only.

including a one and one-half day block of new instruction on broader issues (beyond the Communism issues) confronting the U. S. worldwide and the consequent problems for U. S. policy. This is not sufficient change perhaps to warrant a new name for the course, but it is a step in that direction.
